Dear Mr. Orr

Application for Royal Prerogative of Mercy

On 5 September I wrote to you concerning your request that I approach Guy Wallace to provide an affidavit “admissible in a court of law”. With that letter I sent a number of documents outlining further points that would need to be covered by any such affidavit.

Please advise:

- (a) That you have in fact received this correspondence.
- (b) A full specification of points to be covered by any such affidavit.
- (c) Confirmation that I am approaching this witness on your instructions and that there will be no future accusations or insinuations of collusion on the part of Wallace or myself or of coercion on my part.

It has now been nearly 12 months since Scott petitioned the Governor General. I would appreciate some indication of your progress to date.

Yours sincerely

Chris Watson
